

SUSEN INTERNATIONAL (PVT) LTD

Introduction

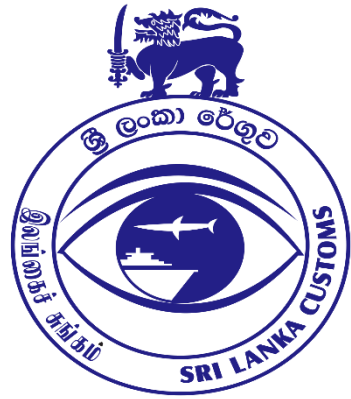

It is proven that Sri Lanka as a developing country has a vast array of infrastructure development projects related to the fields we cater to, as a result, Susen International (Pvt) Ltd was set up in the year 2007 with a clear vision and an ambition to provide reliable, high quality and affordable products to our local clients. Susen International's scope of business includes supplying high-quality equipment (Ex- fuel dispensers, meter seals, industrial valves, geotextile fabrics, fluid transfer equipment) and consultancy services to related fields. Susen's business networks and relationships with established businesses in countries such as China and Germany dates back to the early 2000s, as a result, our foreign partner companies place their full trust in Susen as we maintain high quality standards as instructed by manufactures to ensure that our products have an everlasting quality that delivers excellence.

Susen International (Pvt) Ltd was the local agent for Beijing SANKI Petroleum Technology Co. in Beijing, China. SANKI Petroleum Co supplied over 1000 fuel dispensers to Ceylon Petroleum Corporation from 2008 with the active support of Susen International (Pvt) Ltd. Susen International was also the local agent for EMCO WHEATON Germany, and we successfully supplied and installed over 15 fuel loading arms to Ceylon Petroleum Storage Terminal Ltd.

Further, Susen International cooperated with Yunna Construction and Investment Holding (Pvt) Ltd-Sri Lanka Branch for projects in Sri Lanka between 2016-2019.

To maintain our product's durability and lasting quality Susen has set up an island-wide service coverage that will regularly inspect quality standards of installed products and conduct after sales repairs. As an ambition of being a part of Sri Lanka's mega infrastructure development projects by delivering high-quality products for over a decade Susen International (Pvt) Ltd has earned an excellent reputation amongst both government and private entities that cannot be matched with no other. We are leaders in our field because we value responsibility, trust, and integrity. This unwavering dedication to quality drives our company culture and will keep us ahead for years to come.
